AMENDMENT

Dear Sir:

INTRODUCTORY COMMENTS

An Office Action for the above-identified application was issued 5 July 2007. On 22 August 2007, Applicant filed a request that the Office Action be withdrawn because it was directed to the incorrect claims. That is, the Office Action was directed to the original claims of the PCT application for which the present application is the 371 filing instead of the amended claims that were appended to the International Preliminary Report on Patentability (IPRP). This Amendment is being filed at this time because the Patent Office has not acted on this request. However, Applicant reiterates his original request that the Office Action of 5 July 2007 be withdrawn and further requests that fees submitted with this response be refunded when said Office Action is withdrawn. Please amend the above-identified application as follows.

Amendments to the Claims are reflected in the listing of claims which begins on page 2 of this paper. Material added has been indicated by underlining (underlining) and material deleted has been indicated by strikethrough (~~strikethrough~~).

Remarks begin on page 6 of this paper.
